IOD Director Briefing 1/2015 - Thai Economy 2015: The Way Forward

Which direction is Thailand heading in 2015? How would the global economic condition, domestic economic policy investment trend affect the country's overall economic environment? How directors and executives should prepare themselves and their businesses to cope with economic challenges to achieve their corporate goals? Answers to crucial questions will be delivered by key policy makers, renowned economists, and top-notch businessmen at the IOD Director Briefing 2015 under the topic Thai Economy 2015: The Way Forward. We would like to invite all our members to attend the IOD's first and foremost member activity for this year.
