

The Certification program for Directors

Director Leadership Certification Program (DLCP)*

The Board that Leads to Sustainable Performance

The program that prepares you for the current and future challenges of global disruptive forces and uncertainties. Heightened stakeholder expectations affect how companies operate, leading to the call for the board to be more proactive. Discover how you can build a work culture in the boardroom and with management that will drive the sustainability of your company.

Key Topics

- The importance of business sustainability and the board's role in driving sustainable growth
- The role of the board in defining and revisiting business purpose for sustainability
- Collaboration between the board, the CEO, and management in driving business sustainability
- Fostering a boardroom culture fit for navigating disruption and achieving sustainability

*The participants of Director Leadership Certification Program (DLCP) must have completed Director Certification Program (DCP)
