## TESTIMONIALS

I have had all my questions answered. I have learned the difference of 'Best Practice' here in Thailand and abroad and how to apply this to daily basis whether you are working for the public or private sector. I am confident that we will be better directors from this course and make our organization, our society and our country better as a whole.

**Mr. Kumchai Jongkapun**  
Director

The Securities and Exchange Commission  
DCP 128/2010

Director Certification Program is a well-designed and balanced education program which offers invaluable lessons that every director should know. It is also an excellent venue for networking.

**Mr. William Ellwood Heinecke**  
Chairman and Chief Executive Officer  
Minor Corporation PCL.  
DCP 64/2005

The IOD course is a must for any Director. The course clearly highlights the importance of transparency and corporate governance in board responsibilities. I found the instructors to be world-class and they kept class engaged the entire time.

**Ms. Judy Benn**  
Executive Director  
AMCHAM Thailand  
DCP 165/2012

For me, one of the major additional benefits of the Director Certification Program was the interaction with other participants in respect of the coursework, on broader exchanges and through general networking. A residential program sounds to me like a good way to encourage this exchange, and make the course even more rewarding.

**Mr. Ian Hamilton**  
Managing Director  
Ticon Logistic Park Co., Ltd  
DCP 123/2009

I was 60 years old when I attended the DCP. I have been CFO or equivalent and on the board of directors of various companies for the last 20 plus years. Over the years I learned bits and pieces from various trainings and news about the role and responsibilities of a director. DCP is comprehensive and it has all the basics a director needs to know. I am also very impressed with the quality of the instructors and the materials. I wish I had attended DCP much earlier when I first became a director.
